Performance

With an impressive combination of the 1.2L DOHC 12-Valve Mitsubishi Innovative Valve-timing Electronic Control System (MIVEC) engine, lightweight and aerodynamic body, the Mitsubishi Mirage G4 is able to perform optimally for everyday use. These are the factors that help the Mitsubishi Mirage G4 achieve impressive mileage of up to 21 km/L.

1.2L DOHC 12-Valve MIVEC (3A92) Engine

The MIVEC adjusts the timing of the intake camshafts for optimal performance across the RPM range. By optimizing the valve timing, more air is allowed into the cylinder, ensuring a more efficient burn.

NEW Front Strut Bar (GLS Dealer Option)

INVECS - III CVT

The INVECS-III CVT maximizes the engine power and RPM which are keys to excellent fuel economy while still providing smooth and agile driving feel throughout the rev range.

Aerodynamic Design ($C_D = 0.29$)
