COMFORT

Even in the sweltering heat, the Nissan NV350 Urvan makes sure that you're cool and comfortable, thanks to its 12 individual rear aircon vents.

CLASS-LEADING POWER

There won't be any power struggles with the NV350 Urvan. It comes with class-leading 129ps power and 356 Nm torque delivered by its new 2.5L CRDI engine with Variable Geometry System Turbo with Intercooler — a powerhouse that can handle even the steepest roads or toughest climbs.

IMPROVED FUEL ECONOMY

A big vehicle like the NV350 Urvan makes the most of its fuel, thanks to its new CRDI engine, better gear ratio and Shift-Up Indicator, a new feature that cues the driver when is the optimal time to shift up, maximizing its power output and improving fuel efficiency by as much as 21% versus the previous model.*

*Based on internal study conducted by Nissan Philippines, Inc. Actual customer consumption results may vary.

LOW MAINTENANCE COST

A maximum of 40% savings on total cost of Periodic Maintenance Service* and an industry-first warranty coverage for public utility purpose assures you of worry-free ownership.

*Versus leading public transport van of May 2015. Based on recommended PMS interval of 10,000km and dependent on driving conditions. Please refer to Warranty Information and Maintenance booklet.
